

**Updated Comprehensive Plan Goals**

1. Promote development which respects existing land use patterns and conserves sensitive natural resources.
2. Encourage a continued diversity of housing types to support long-term residency.
3. Coordinate expansion of municipal services and staff concurrent with community growth.
4. Cooperate with local and regional entities to improve the aesthetics, functionality and safety of the community's key transportation corridors.
5. Develop a community-wide trail system which links residents to recreation in the Township and beyond its borders.
6. Maintain the community's appeal, attractiveness and quality of life with respect to land use, civic amenities and environmental resources.
7. Balance development impacts relative to municipal and school district revenues, costs and services.
8. Pursue short-term planning and policy initiatives in context of their long-term potential.
